
Airport Transportation

Posted by weoichris - 2008/01/03 23:20

Is transportation available from the airport to the conference center and back again?

The word is that the Blackwell Conference Center does provide a shuttle to and from the airport. Taxi cabs are also available.

There is additional information at their website. It appears that you need to call and schedule in advance both pick-up and drop-off times.

Go to www.theblackwell.com and scroll down. There is a transportation policy posted.
